EDUCATION

Doctor of Philosophy, Organic chemistry (Medicinal chemistry minor specialization), The Autonomous University of Madrid (UAM) in **Spain** and Beni-Suef University (BSU) in Egypt by joint supervision system, April 2017.

- Thesis title: Phytochemical, Biological and Computational Studies on Plant-derived Phenolic Compounds Isolated from Some Egyptian Folk medicinal Plants.

Master of Science (Master by research), Chemistry of Natural products, Beni-Suef, Egypt, and Bordeaux-1 University in **France**, September 2012.

- Thesis title: Chemistry of Some Phenolic Constituents of Some Egyptian Folk medicinal Plants.

Bachelor of Science, Special Chemistry, Cairo University, Beni-Suef branch, Beni-Suef, Egypt, May 2005.

- Excellent grade with honour

RESEARCH INTERESTS / RESEARCH PROFILE

My research interests are a combination of experimental and computational approaches where I use a variety of computational techniques, theories, and methodologies to investigate applications more mimic the real state.

My research areas include:

- Computational studies on the drug-enzyme interactions and the structure-activity relationship of polyphenols and other natural compounds
- Isolation and identification of bioactive secondary metabolites from medicinal plants and testing their therapeutic activities
- Synthesis and structure modification of pharmaceutical drugs
- Synthesis of organic compounds by radical multicomponent process.

ACADEMIC EMPLOYMENT

- Associate professor Lecturer in organic and medicinal chemistry, Chemistry Department, Beni-Suef University, Beni-Suef, Egypt, from August 2022-up to now.
- Lecturer in organic and medicinal chemistry, Chemistry Department, Beni-Suef University, Beni-Suef, Egypt, from 2017-2022
- Research Scholar, Chemistry Department, Universidad Autónoma de Madrid, Ciudad Universitaria de Cantoblanco, 28049 Madrid, Spain, from 2014 to 2016.
- Assistant Lecturer, Chemistry Department, Beni-Suef University, Beni-Suef, Egypt, from 2012-2016
- Teaching assistant, Chemistry Department, Beni-Suef University, Beni-Suef, Egypt, from 2006-2012

AREAS OF TEACHING EXPERTISE

I am experienced in teaching many organic and medicinal chemistry courses including, principles of chemistry, practical organic and pharmaceutical chemistry, Petroleum and petrochemicals, chemistry of natural products and pharmacognosy, synthetic organic chemistry, in-silico analysis (docking and molecular dynamics simulations), organic chemistry, kinetics, organic reaction mechanism, physical organic chemistry, thermodynamics, chemistry of heterocycles, chemistry of

organometallics, Spectroscopy, pharmaceutical chemistry, coordination chemistry and molecular structure, and many other chemistry courses.

GRANTS / AWARDS

- PAROWN (partnership and ownership initiative) scholarship from the European commission and the Egyptian government in October 2010 at University of Bordeaux 1, France
- Erasmus Mundus scholarship (Battuta program) holder in September 2013 at Autonomous university of Madrid, Spain
- Joint Supervision PhD Scholarship from the Egyptian Government (MOHE-CASM) at UAM Spain 2014
- Principal investigator (PI) for the project " A phytochemical and computational study on flavonoids isolated from Trifolium resupinatum L. and their novel hepatoprotective activity" Project ID (6112) funded from the science and technology development fund in Egypt (STDF) 2015

COMMUNITY INVOLVEMENT / ADMINISTRATIVE ACTIVITY / SERVICE

Administrative positions

- Director of the University centre for career development (**UCCD**) at Beni-Suef University belonging to American University in Cairo (from 15 Feb 2019-up to now)
- Manager of the technology transfer office (TTO) at Beni-Suef University (from 2016-October 2019)
- Deputy Manager of Linking Research to Industry Unit at Beni-Suef University (2014-2016)

Career development Expertise

- NCDA Certified career development specialist (120 hours) from the American University in Cairo (AUC) within the framework of university Centre for Career Development Project (UCCD) funded by the United States Agency for International Development (USAID) from 2019-now
- ILO certified Disability equality training (DET) facilitator from the international labour organization (ILO) in Cairo from 2019-now
- Technology transfer expert based on intensive training from the ministry of higher education in Egypt and the US department of Agriculture within the framework of Technology and innovation commercialization office (TICO) project from USAID during the period from 2018-2019
- Certified Entrepreneurship trainer from Endeavor Egypt in 2020
- Attended Employability skills training of trainers from Aspire training solutions in Egypt
- Provided soft and technical skills +16 hrs training for students and graduates from Beni-Suef University during the period from 2019-now (training programs are available upon request)

SUPERVISION

- I have supervised two M.Sc. Theses (master by research) and two PhD theses.
