## Work Experience

**Senior Career Development Specialist | UCCD University Centre for Career Development  
| Fayoum University, Egypt**

**June 2023 - Present**

- Design and deliver comprehensive career development programs for 500+ students and graduates annually, including specialized "Employability Skills training" and "Entrepreneurship Program."
- Provide personalized one-to-one career coaching to university students and graduates, offering tailored guidance on resume writing, interview preparation, career planning and strategic job searching.
- Conduct comprehensive career assessments and needs analysis interviews to develop customized guidance strategies for program participants.
- Facilitate dynamic workshops on essential career skills, including resume writing, interviewing techniques, job search strategies, career planning and LinkedIn optimization.
- Optimize LinkedIn profiles and developed professional networking strategies, resulting in an 85% improvement in clients' online presence.

## **GIS & Remote Sensing Lecturer / Expert | Fayoum University | Fayoum, Egypt**

**October 2017 - June 2023**

- Coached and guided over 150 students in career planning by setting clear objectives, monitoring progress, and providing targeted professional development and feedback.
- Developed and implemented innovative career-focused curricula, delivering engaging courses and workshops tailored to student and professional trainee needs.
- Spearheaded hands-on training programs that significantly enhanced students' practical skills, preparing them for advanced career applications.
- Fostered collaborative team environments to enhance curriculum development and improve the delivery of professional development courses.
- Mentored students and professionals, providing comprehensive career guidance and skill development support.

## **Senior GIS Data Analyst | Palladium | Riyadh, Saudi Arabia**

**December 2019 - November 2020**

- Mentored and coached a team of 13 field surveyors and data collectors, providing direct performance feedback to ensure high standards and balanced workloads.
- Guided the establishment and management of a new GIS Unit within the Ministry of Environment, Water, and Agriculture (MEWA), including comprehensive team development.
- Trained and coached new GIS assistants and data collectors across all KSA regions on field data collection and satellite image classification.
- Developed productive relationships with stakeholders and project management teams, ensuring successful project delivery.
