Personal Profile:

As a dedicated researcher in the accounting field with over 15 years of experience, I have published more than 7 academic research papers in peer-reviewed journals. My interest lies in academic research, particularly in diverse areas of accounting information systems, as well as managerial and financial accounting. Additionally, I find great satisfaction in my role as the Director of the University Center for Career Development, where we strive to inspire and empower students and graduates to take ownership of and shape their personal and professional journeys.
